INSPECTION SUMMARY

Project Name: Murray River Coal Project
Proponent Name: HD Mining International Ltd.
Inspection Date: November 5, 2024

Project Description:

HD Mining International Ltd. proposes the construction, operation and decommissioning of an underground coal mine and supporting infrastructure, including a 5.8 kilometre rail load-out. The proposed project is located 12.5 kilometres southwest of Tumbler Ridge, British Columbia and would produce six million tonnes of metallurgical coal per year for an estimated mine life of 25 years.
